

Product Change Notification

PCN Publish Date: October 17, 2005

PCN #: 017424-002504

Change Title: Part number change

Products Affected:

Current Aavid Part Number	577102B00000	
New RoHS Compliant Part Number	577102B00000G	HS √ mpliant

Description of the Change: In an effort to make our product line more compatible with regulatory and environmental guidelines, we are changing the volume manufacturing process for the above products to make them RoHS compliant with Aavid Thermalloy specification RoHS 9000. (Available at http://www.aavidthermalloy.com/RoHS.shtml).

This product is already compliant. Product that is RoHS compliant is identified with a "G" suffix at the end of the part number as shown above in product affected. This change is to update our internal system with the "G" identifier.

Scheduling of Change:

Sample Date: Samples are available now for customer testing.

Volume Production: Volume production is available immediately. New orders should be placed for the "G" suffix product. Please adjust your current orders so that they can be filled accordingly depending upon stock and availability.

EOL of unchanged Product: Once the manufacturing process has been changed to the RoHS compliant process, it may still be possible to manufacture products with Sn/Pb process; however product manufactured with the Pb process require a pricing adjustment due to cost increases associated with material and lower volume manufacture.

Customer Impact: This is a part number change only. Please update your internal documentation to reflect the "G" suffix and amend all outstanding purchase orders with Aavid-Thermalloy to reflect the new part number.

Qualification Results: For an Aavid Thermalloy solderability qualification report visit our RoHS website. http://www.aavidthermalloy.com/RoHS.shtml

Contact Information: For question please contact Aavid Thermalloy Technical Support at info@aavid.com or your local sales office.

Please respond with any issues within 30 days of this notification. Lack of acknowledgment of the change constitutes acceptance of the change.
