

Click Board Fridge Magnet

PID: MIKROE-1914

Click Board Fridge Magnet is a super handy magnetic holder for your favorite peripheral add-on [Click boards](#). It features the widely recognized [mikroBUS™](#) socket 16pin header on a small 3x3cm PCB.

It can be used as a design element by all electronic lovers to have their own copy of the mikroBUS™ socket to enrich the appearance of their refrigerators, organize your office and Click board storage, but also to hold notes or other small objects on various magnetic surfaces.

Mikroe produces entire development toolchains for all major microcontroller architectures.

Committed to excellency, we are dedicated to helping engineers bring the project development up to speed and achieve outstanding results.

ISO 27001: 2013 certification of informational security management system.
 ISO 14001: 2015 certification of environmental management system.
 OHSAS 18001: 2008 certification of occupational health and safety management system.

ISO 9001: 2015 certification of quality management system (QMS).
